

# Curtis Hunt

## 311 12th Street NW

Curtis has lived in the Forth Ward since 1975. He moved there when most of the demolition and other damage done by the Urban Renewal efforts of the prior decade had been completed. The neighborhood was a mix of long-time residents and newer people who had bought homes in the 1950-1960's because they were extremely affordable. During the 1980's people began to buy the homes with the intent of restoring and renovating them.
