

Tamara Righettini & Bradley Otis

903 Forrester Ave. NW

Tamara and Brad bought this property in 2010 and are remodeling and adding a garage to the back of the lot. As they began the extensive renovation of the house they found clues to its history. Pencil art on a wall in the front of the house was dated 1905. A construction inspection tag dated 1928 was found in what was originally a garage that was later attached to the house and is now being converted into a master bed room. DNA recognized the owners and the house as a Curb Appeal Home of the Month in June 2013.
